

**VIRTUS Training Notice:** Please check your internet browser for compatibility before starting your *VIRTUS Online Training Session*. Failure to make the necessary updates could result in users having to retake the online training! Training modules are **not** compatible with Smartphones and tablets.

Since the recent release of the **Internet Explorer 10.0 browser**, it has come to our attention that some users are having difficulty receiving credit for the completion of their Online Training Modules (**Protecting God's Children Online Awareness Session 2.0**). Apparently, some of the settings in the **Internet Explorer 10.0** browser (and likely the **Internet Explorer 9.0** browser), are not compatible with the online training. Therefore, it is necessary that users make specific **updates** to their Internet Explorer browser, in order that their browsers will cache information properly, recognize the completion of their VIRTUS Online Awareness module, and allow them to access/print their Certifications upon completion.

Users **must** update the **Compatibility View Settings** of their Internet Explorer browsers before they log in to their VIRTUS Online accounts, and certainly **before** they open the Online Module.

Here are the basic instructions for Internet Explorer versions 9.0 and 10.0 browser users:

1. Go to the **Tools** menu in Internet Explorer, and select **Compatibility View Settings**. (If you don't see the **Tools** menu, press the **ALT key** on your keyboard to reveal it.)
2. Add *articulate-online.com* to your list of compatible websites by typing it into the box under "**Add this Website**" and clicking "**Add**". Click "**Close**" to complete the action. This will ensure that all of your *Articulate Online* content items use Compatibility View when launched in Internet Explorer 10.0.

For users who have already attempted to complete the *Online Awareness Session Version 2.0*, but were unable to access or print their Certificates upon completion, please take the following steps:

1. You must update your computer using the instructions provided above.
2. Once you have updated your computer, log in (again) to your VIRTUS account and complete the module once more. Having updated your computer, you will be able to fully complete the training and access or print your certificate.

*Thanks for your patience!*

*Registration instructions follow.*
